

Call for volunteers to take part in research on the National Online Resource web pages on [HSE.ie/ mychild.ie](https://www.hse.ie/mychild)

Hi,

The HSE has recently launched a new set of webpages to support parents and carers of children and young people with disabilities ([LINK](#)). Our project team is now looking for volunteers to take part in research to help us improve these pages.

Would you be willing to take part?

Our goal is to make sure the information is useful, easy to understand, and reflects the needs and experiences of families. To do this, we are organising a mix of **online interviews** and **in-person group sessions**. You can indicate which option suits you best via the survey below.

If you are selected to take part, we offer **One4All vouchers** (€50–€100 depending on time commitment) as a thank you for your time and contribution.

If you are interested, please complete our short form by clicking the link:

Or scanning this QR code →

To make sure we gather a range of experiences, we will be selecting a mix of participants. This means that not everyone who completes the survey will be invited for an interview.

Thank you for considering this.

Best wishes,

Sebastian Koppe (Project Lead)

On behalf of the project team
